at the bottom of General File. I only handed this bill yesterday and I am not ready to debate it with an empty house.

SPEAKER: Thank you. Let's pass reading the title then. That brings up the General File consideration of LB 32.

CLERK: Read title. LB 32.

SPEAKER: Excuse me.

SENATOR SYAS: Put it at the bottom of General File.

SPEAKER: Very good. Are there objections to putting Senator Syas' 104 at the bottom of General File. There are none. So ordered.

CLERK: Read. There are committee amendments by Senator Kennedy's Public Health committee.

SPEAKER: Senator Moylan, what is your pleasure, sir?

SENATOR MOYLAN: Seat Senator Kennedy. Is Senator Kennedy in the...

SPEAKER: Is Senator Kennedy in the chamber?

SENATOR MOYLAN: I believe I can handle those amendments if that's permissible.

SPEAKER: You bet.

SENATOR MOYLAN: There was a..this bill I had in last session and it died on the Board and I had it redrafted this session and entered again and they misadventently left out one paragraph in the original bill and that's what the Committee amendment amounts to is to add a new section to read as follows, which "The Director of Public Institutions, is authorized to select locations for such businesses and the type of services to be provided, and further to enter bids for the locations when it is determined that private business enterprises wish to bid competitively on the same locations for the same or similar type businesses." Now, the people that asked me to put this in, a blind organization there in Omaha, intended to have that in there and at the public hearing it was not in the bill and I didn't happen to notice it really because I had the same bill redrafted. So, this just gives that permission for the blind to operate the buildings in..they operate these little concessions stands in public buildings mostly and they have to do competitive building and be able to operate them in a business like manner. So, I would move, should have moved first, that LB 32 be advanced to...no, I have to move for the adoption of the amendments. That's on the agenda right now. I would move for the adoption of the amendment.

SPEAKER: Is there any further discussion of the committee amendment as explained by Senator Moylan to LB 32? Any further discussion? The question is shall the amendment be adopted. All those in favor say aye. Those opposed say no. The amendment is adopted. Now, Senator Moylan.

SENATOR MOYLAN: I would move that LB 32 be advanced to E & R for Initial. If there is any further explanation, I am willing to give it if anyone has any questions.

SPEAKER: Is there any further discussion of LB 32 as amended? Senator Goodrich.

SENATOR GOODRICH: Senator Moylan, in the committee we were discussing and actually proposed an amendment that, in essence, the bill says that the Director of Public Institutions shall find these locations and set them up. Now, on Page 2, line like 16,17 where "or in any county, city, or municipally owned controlled property" and we had actually adopted an amendment
